BEFORE YOU LIST

- ☐ Order a pre-listing home inspection
Knowing issues upfront gives you negotiating power
- ☐ Deep clean every room — including windows, baseboards, and grout
- ☐ Declutter and depersonalize all living spaces
Buyers need to picture themselves, not you
- ☐ Complete minor repairs (leaky faucets, chipped paint, broken fixtures)
- ☐ Research your neighborhood's recent sales (comps)
Know what similar homes have actually closed for
- ☐ Get a professional valuation from a local listing agent

CURB APPEAL

- ☐ Power wash driveway, sidewalk, and front of home
- ☐ Freshen landscaping — mow, edge, trim, and add mulch
- ☐ Paint or clean the front door
- ☐ Replace or clean exterior light fixtures
- ☐ Ensure house numbers are visible from the street

STAGING & PRESENTATION

- ☐ Remove excess furniture to make rooms feel larger
- ☐ Neutralize strong odors (pets, smoke, cooking)
- ☐ Add fresh towels, plants, or simple staging accents
- ☐ Ensure all light bulbs work — maximize brightness for showings
- ☐ Hire a professional photographer (non-negotiable in NOLA market)

PAPERWORK & LEGAL

- ☐ Locate your current mortgage payoff amount
- ☐ Gather HOA documents, rules, and fee schedules (if applicable)
- ☐ Pull your survey, title policy, and prior inspection reports
- ☐ Know your flood zone designation and insurance costs
Critical for NOLA buyers — this affects their financing
- ☐ Confirm your property tax status is current

PRICING STRATEGY

- ☐ Review active competition — what are buyers comparing your home to?
- ☐ Understand days on market trends in your neighborhood
- ☐ Know your bottom line before you list — not during negotiations
- ☐ Discuss pricing strategy with your agent before going live
Overpricing costs more than underpricing in most markets

ONCE YOU'RE UNDER CONTRACT

- ☐ Respond to buyer repair requests within your contract window
- ☐ Keep utilities on through closing
- ☐ Do not make any large financial moves (new debt, big purchases)
Protect the buyer's financing — a deal can fall apart at the end
- ☐ Confirm closing date and coordinate your move-out timeline
- ☐ Do a final walkthrough of the property before closing day
